

# Biomega Salmon Oil Premium

Product no: 1410

Biomega salmon oil is a food grade natural Norwegian salmon oil, which is gently separated from fresh salmon raw materials in our modern biorefinery.

The patented Biomega process imply use of natural non-GMO enzymes to liberate the oil from the salmon tissues.

Biomega Salmon oil contains approximately 15% of Omega 3, the original content of natural antioxidants and vitamins are contained.

1000ppm natural antioxidants are added to ensure good shelf life (tocopherol mix E306, E330, E392).

## Packaging & storage:

In bulk or 1000 litre IBC containers (920 kg). IBC's with declaration of conformity. Avoid direct sunlight. Store dark, and at stable temperature. Shelf life minimum 12 months.

## Manufactured by:

Biomega AS,  
Skaganeset, 5382 Skogsvåg, Norway
